

~~SECRET~~/NOFORN - HANDLE VIA SKEET CHANNELS ONLY

Viewer 099 Session Report  
Date: 13 June 88  
Time: 1435 - 1527

Summary: [PI - fighting back ennui like never before] A type of "channel" (AOL-river, shipping lane) is nearby. A large, yellowish-white, vertical structure (AOL-warehouse, ship) seems to be on fire. I perceived the fire to be an act of simple arson, in support of a "cause". Percepts associated with this idea are: "supporting, diversionary", and "provocative". The feeling that an armed group is monitoring this from an "overwatch position", is still present (see previous sessions).

Also, a strong Stage 7 is still imposing itself upon these sessions; the Spanish word "ciudad", meaning city.

[AOLs- Ceuta (a Spanish territory on the coast of North Africa), attack on the Maine, French agents attack on the Greenpeace ship in Sydney and, missile attack on a ship]
